

# OmniTower 16x DVD

## 11, 7 & 3 NEC Drive Duplicating Towers

### We listen.

The OmniTower was developed to meet the needs of our demanding professional customers looking for a cost effective, reliable full featured standalone that would copy CDs and DVDs cleanly and with accuracy.

OmniTowers are full featured copiers built with NEC recorders that you can rely on to quickly copy your data, video and pro-audio perfectly.

### OmniTower 16x DVD/11 Features:

- Throughput: 16x DVD/11 Drive  
DVD @ 94/hour  
CD @ 165/hour
- Drives: 11 NEC 16x DVD±R/48x CD-R Drives
- Hard Drive: 160 GB
- Warranty: One-year with free phone support
- Extended Warranty: \$200
- Dimensions: 24 1/8"H x 8 3/4"W x 15 7/8"D
- Weight: 44 lbs/57 lbs. in box

### How fast are they?

Our 16x DVD± R OmniTower will copy a full DVD in about 8 minutes and a full CD in about 3 minutes. Audio masters with large amounts of tracks may take longer because of their complexity. And all speeds are subject to the speed compatibility and quality of your blank media.

### What separates OmniTowers from other low-priced CD & DVD copiers on the market?

- Our expertise - We listen. Our knowledgeable staff knows their business and will guide you toward the best equipment for your application.
- Technical Support - OmniTowers are remarkably solid copiers but should there ever be a problem, We have the industry's best tech support
- Drive Support - We keep a large inventory of parts for our products on hand, so if a drive fails down the road, you won't be stuck.
- Documentation- All OmniTowers include our Quick Start Guide as well as a detailed, easy to follow manual written in English
- Longevity - We've been in business for over 20 years - we'll be in business a week from now and five years from now.
- Quality Build - Each OmniTower is built to work at it's optimum level with the latest firmware and the most recent drive models.
