- Eliminates the need for generating PRN files
- Choices of Thermal or Inkjet Printer Installed
- High Precision and Intelligent Robotic System
- Robotic Control Software Included
- Capacity up to 220 Discs

TEAC's new USB Auto-Loader with choices of TEAC color Dye-Sub Thermal Printing or TEAC 4800dpi color Inkjet Printing is a fully automated Disc Printer Solution. Its ultra fast USB 2.0 interface makes it compatible with most all Windows Graphic software programs, such as Adobe® Photoshop®. The intelligent Robotic mechanism used to transport discs to and from the attached TEAC printer with high precision and speed.

The integrated TEAC color Dye-Sub Printer is a revolutionary disc printing system featuring dye-sublimation process at 400 DPI Print Resolution which is the highest resolution available today! The Color InkJet Disc Printer has an incredible 4800 dpi print resolution and features Photo-Quality prints. TEAC has redefined the industry standard with these new hi-res printers.

The TEAC printers have been optimized to produce vibrant colors with increased clarity and sharpness of each image produced. TEAC's printing technology ushers in a new era of affordable, high-quality DVD/CD media printing, producing professional photo-quality labels that are truly unmatched. The CD-R/DVD-R labeling has been given a new meaning. TEAC auto-printers blow away traditional screen printing and replace it with unsurpassed quality never seen before.
